

Service Provider Report

Provider Name: Mansion at focus point: i

Service Provider's Sponsoring/Parent Koba Institute, Inc

Organization:

Service Provider Name/Description

Name: Mansion at focus point: i

Former Name(s):

MFP operates residential group care facilities for adolescents that provide a family-like atmosphere

coupled with strong therapeutic milieu components. The milieu is facilitated by community meetings,

therapeutic recreation and a behavior management program with incentives for the resident to achieve

goals in accordance with an individual treatment plan, which is developed by program staff, resident,

family and significant others. Residents receive clinical therapies and substance abuse services

designated to meet the needs of residents for guidance, learning and personal development.

Description:

Children for whom high intensity clinical treatment services are appropriate, with mental illness,

emotional disturbances, social development deficits that will respond to clinical treatment interventions,

behavioral milieu, medications, and case-management services.

Children/Youth BEST Served:

Children with recent, severe suicidal/homicidal ideation, violent sex offenders, IQs of less than 65 (will

consider on a case by case basis only), pregnant teens, medically fragile youth.
